

EISENBERG CREATES 2 NEW LIFT RESHAPING FOR FACE AND NECK

EISENBERG CREATES 2 NEW LIFT RESHAPING FOR FACE AND NECK. WITH SUPER LIFTING AND FIRMING ACTION!

09 OCTOBER 2023

The maintenance of young and healthy skin has always been at the center of EISENBERG's technological research which for 2023 presents two new products: **The Eye Serum** and **Firming Remodelling Cream**, the duo designed for face and eyes perfect for lifting, firming, plumping and illuminating, are the result of EISENBERG's globally recognized anti-age expertise.

A YOUNGER AND MORE COMPACT FACE WITH THESE TWO EISENBERG NEWS

The exclusive **Trio-Moléculaire® Formula**, of these two **targeted treatments**, is a true **youth** booster, enriched by a powerful blend of **super-effective** ingredients such as: Green Tea Extract, Rice Peptides and Grape Seed Oil, as well as specific active ingredients for each formula. **Spectacular** and proven results to give the skin **all the nutrients it needs to regenerate** and regain luminosity, firmness and hydration, reducing the appearance of wrinkles and fine lines.

THE EYE SERUM

It aims to fight the 4 main signs of aging around the eyes! This super concentrated eye serum features a blend of extra lifting, hydrating, anti-fatigue, plant-based vitamins and peptides to help correct droopy eyelid **wrinkles** and crow's feet, **reduce dark circles and improve microcirculation**. A delicate but enhanced gel serum to fight premature aging and obtain a lifted, smooth and toned eye contour!

Price:
€79.00 – 15ml

FIRMING REMODELLING CREAM

An intense lifting, firming and reshaping effect! A multivitamin **face and eye** cream with powerful anti-aging properties. Contains anti-free radical vitamins, Wild Shiitake extract, a key active ingredient for **firmness and elasticity**, as well as oils, plants and peptides. A light but nourishing formula to **reduce wrinkles, smooth, brighten and reshape the contour of the face**. The face appears younger, relaxed and the complexion is radiant.

Price:
€99.00 – 50ml
